

Free Access Stall

Deba Brothers® is Free Access Stall manufacturers and suppliers in China who can wholesale Free Access Stall. We have developed free access stalls for sows. Which allows sows to enter and exit freely, without space restrictions. Traditional gestation stalls restrict the activity of the sow. This is not good for the sow's health and did not meet animal welfare standards. Free access stalls can solve this problem. The sow can move freely, but as long the sow cannot enter. This is to prevent management confusion.

Product Description

Deba Brothers® is a professional leader China Free Access Stall manufacturers with high quality and reasonable price. In order to provide a comfortable environment for sows, Deba Brothers® has produced free access stall. The sow can open and close the free access stall independently. The free access stall provides welfare for sows. Sows can enter and exit freely without being limited by space. And the free access stall has great freedom of movement at all times, a heated creep, short-term restraining of the sow.
